Non-IFRS information

This report contains certain non-IFRS financial measures which have not been reviewed or reported on by the Group's auditors. The Group's management believes these measures provide valuable additional information in understanding the performance of the Group or the Group's businesses, because they provide measures used by the Group to assess performance. However, this additional information presented is not uniformly defined by all companies, including those in the Group's industry. Accordingly, it may not be comparable with similarly titled measures and disclosures by other companies. Additionally, although these measures are important in the management of the business, they should not be viewed in isolation or as replacements for or alternatives to, but rather as complementary to the comparable IFRS measures.

Normalised growth

All amounts in this integrated report marked with a * represent normalised growth, which presents performance on a comparable basis. This adjusts for trading foreign exchange, foreign currency fluctuation on a constant currency basis (using the current year as base) and excludes the impact of merger, acquisition and disposal activities, at a constant currency basis where applicable, to show a like-for-like comparison of results. We believe that normalised growth, which is not intended to be a substitute for or superior to reported growth, provides useful and necessary information to investors and other interested parties for the following reasons:

- It provides additional information on underlying growth of the business without the effect of certain factors unrelated to the operating performance of the business;
- It is used for internal performance analysis; and
- It facilitates comparability of underlying growth with other companies, although the term normalised is not a defined term under IFRS and may not, therefore, be comparable with similarly titled measures reported by other companies.

Forward-looking statements

This Integrated report, which sets out the annual results for Vodacom Group Limited for the year ended 31 March 2022, contains "forward-looking statements" which have not been reviewed or reported on by the Group's auditors, in respect of the Group's financial condition, results of operations and businesses and certain of the Group's plans and objectives. In particular, such forward-looking statements include, but are not limited to, statements in respect of: expectations regarding the Group's financial condition or results of operations, including the confirmation of the Group's targets and expectations for the Group's future performance generally; expectations regarding the operating environment and market conditions and trends; intentions and expectations regarding the development, launch and expansion of products, services and technologies; growth in customers and usage; expectations regarding spectrum licence acquisitions; expectations regarding adjusted EBITDA, capital additions, free cash flow and foreign exchange rate movements; and expectations regarding the integration or performance of current and future investments, associates, joint ventures, non-controlled interests and newly acquired businesses.

Forward-looking statements are sometimes, but not always, identified by their use of a date in the future or such words as "will", "anticipates", "aims", "could", "may", "should", "expects", "believes", "intends", "plans" or "targets" (including in their negative form). By their nature, forward-looking statements are inherently predictive and speculative, and involve risk and uncertainty because they relate to events and depend on circumstances that may or may not occur in the future. There are a number of factors that could cause actual results and developments to differ materially from those expressed or implied by these forward-looking statements. These factors include, but are not limited to, the following: changes in economic or

political conditions in markets served by operations of the Group; greater than anticipated competitive activity; higher than expected costs or capital expenditures; slower than expected customer growth and reduced customer retention; changes in the spending patterns of new and existing customers; the Group's ability to expand its spectrum position or renew or obtain necessary licences; the Group's ability to achieve cost savings; the Group's ability to execute its strategy in fibre deployment, network expansion, new product and service rollouts, mobile data, enterprise and broadband; changes in foreign exchange rates, as well as changes in interest rates; the Group's ability to realise benefits from entering into partnerships or joint ventures and entering into service franchising and brand licensing; unfavourable consequences to the Group of making and integrating acquisitions or disposals; changes to the regulatory framework in which the Group operates; the impact of legal or other proceedings; loss of suppliers or disruption of supply chains; developments in the Group's financial condition, earnings and distributable funds and other factors that the Board takes into account when determining levels of dividends; the Group's ability to satisfy working capital and other requirements; changes in statutory tax rates or profit mix; and/or changes in tax legislation or final resolution of open tax issues; and changes resulting directly or indirectly from the COVID-19 pandemic.

All subsequent written or oral forward-looking statements attributable to Vodacom, to any member of the Group or to any persons acting on their behalf, are expressly qualified in their entirety by the factors referred to above. No assurances can be given that the forward-looking statements in this document will be realised. Subject to compliance with applicable laws and regulations, Vodacom does not intend to update these forward-looking statements and does not undertake any obligation to do so.
